

MET PRO PROPOSAL QUESTIONNAIRE

MET PRO HYDROCYCLONE / MAXIMUM DENSITY SEPARATOR WORKSHEET

Date: _____ Customer: _____
 Contact: _____ Phone/Fax: _____
 Location of Application: _____

TECHNICAL DATA

Material: _____ Screen U/F: _____ Screw O/F: _____ Other: _____
 Objective: _____

Ton/Hr Solids: _____ Slurry % Solids _____ USGPM _____
 Size Separation Required (mesh) _____ Spec. Gravity of Solids _____
 (Please supply screen analysis of anticipated feed)

IF EXISTING PLANT

Sump for Slurry _____ Capacity _____ How fed _____
 Height _____ Width _____ Length _____
 Pump Available _____ Pump Data – Size _____ RPM _____
 HP _____ Speed _____ Impeller diameter _____
 (Please supply pump curve if available)

Pump Discharge pipe size _____ Cyclone tower available Yes _____ No _____

In order for Met Pro to develop the required system curve, please fill in the following data sheet:

	A	B	C	D	E	F	USGPM
Est. Dist. Feet
